PROFESSIONAL EXPERIENCE

Remote MarketPlace Development Hackathon

Globant- Somos F5, 2024

Frontend developer in a multidisciplinary team during a challenging 48-hour hackathon organized by SomosF5 and Globant.

I used technologies such as React, HTML, CSS and JavaScript to build the frontend of the marketplace.

Implemented efficient search functionality to facilitate navigation within the marketplace and configured routing using react-router-dom to ensure smooth navigation within the app.

Store manager

Gymage Lounge Resort S. L., 2018 - 2023

Leadership in team management, enhancing efficiency and collaboration.

Skill in negotiation, personalized attention to clients and suppliers, strengthening key relationships for the business.

Jr. Superior Technique

Siticore, 2022

Troubleshooting and technical assistance in systems and networks.

Provide technical assistance to end users to resolve hardware and software issues.
